

The City School

RECORD BREAKER PERFORMANCE

CAMBRIDGE ASSESSMENT INTERNATIONAL EDUCATION O AND A LEVEL RESULTS 2022

INTRODUCTION

Covid-19 brought with it significant disruptions among all industries worldwide; however, the education industry took one of the hardest hits, with students and teachers alike trying to adapt to newer and ever-changing models of learning. Nonetheless, a renewed sense of hope emerged when life finally got back on track in the mid of 2021, and human interaction that had come to an unexpected halt resumed once again.

Slowly and gradually every industry got back on its feet including the education sector. School closures and online learning both became a thing of the past, and face-to-face learning was back in full throttle. The long-awaited social gatherings and events kick-started once again all over the world, encouraging students to participate with even more enthusiasm. Schools started to introduce more activity-based learning to make up for the lost time and improve learning outcomes. As exciting events and trips became a part of the curriculum, the personal and academic development of students which had come to a standstill resumed with increased zest.

Reflecting on the lessons learnt from previous years, teachers and heads at *The City School* spearheaded pedagogical applications and revision sessions on a whole new level and the results spoke for themselves. Students of *The City School* stood out at the world stage by securing 59 World Distinctions and National Awards at the CAIE Examination 2021 Series – 6 World Distinctions and 53 National Awards. *The City School's* transformational leadership continued their efforts in championing results as they ventured into the year 2022. In May/June CAIE Examination 2022 Series, our students led *The City School* to attain the

best results ever through self-assessment and awareness, application of practical techniques, and a whole lot of motivation. With 9,186 A/A*s in O Level and 2,261 A*/A's in A Level, our Cityzens made us proud by paving the way to achieving excellence in results across Pakistan. Congratulations to all our Cityzens and their parents for attaining the best results again!

We are tremendously grateful for the resilience and steadfastness displayed by the faculty, management, and the parents of *The City School* throughout this time, as well as the dedication of our students. At *The City School*, we continue to strive and build on the lessons learnt from the past, bringing forth change to the educational landscape of Pakistan.

NORTHERN REGION

A Level Results

4 Campuses have produced the best CAIE results ever!

* Total number of A*s	115
* Total number of As	405
* Students with 2 A*/As	62
* Students with 3 A*/As and above	99

The flagship campuses in the region are:

- * Capital Campus, Islamabad
- * E-11 Campus, Islamabad
- * Peshawar Campus

Students have numerous offers from Pakistani and international universities, some of which are:

- * University of Edinburgh
- * University of Toronto
- * New York University
- * Dartmouth University

O Level Results

19 campuses have produced the best CAIE results ever!

* Total number of A*s	783
* Total number of As	1002
* Students with 5 A*/As	36
* Students with 6 A*/As	27
* Students with 7 A*/As	42
* Students with 8 A*/As and above	84
